

Together We Can help our children grow, succeed and thrive.
November 20, 2010 - St. Cloud Civic Center

The 1st Annual
Central MN Child & Youth
Mental Health Conference
Together We Can

Please join STARS for Children's Mental Health, Minnesota Association for Children's Mental Health, local and state partners for our first annual Central Minnesota Child & Youth Mental Health Conference. This conference is distinctively designed *for parents, by parents* of children with mental, emotional and behavioral challenges.

Central MN Child & Youth
Mental health Conference

Together We Can

June 2010

Dear _____,

We would like to offer you a terrific opportunity to promote your business, organization or agency while supporting the first annual Central Minnesota Child & Youth Mental Health Conference “**Together We Can**” on November 20, 2010. Our community is holding this event at the St. Cloud Civic Center as a way to provide education on and highlight the best practices and programs meeting the mental health needs of children and youth in Central MN. Conference participants will include parents, caregivers, foster parents, providers and youth.

To help as many families come as possible, we are working to keep registration fees low and are offering partial scholarships. In addition to supporting the conference, the sponsorship affords your business or organization access to 300-400 local attendees who will be gathering in St. Cloud. Attendees are residents of Stearns, Benton, Sherburne and Wright County which means they are staying the communities in which you are conducting your business, so advertising in the program will reach potential consumers.

There are several ways in which you can contribute. Please refer to the attached application for more information and to determine which method will best serve your business or organization. *All contributions are tax deductible--a receipt will be provided.*

Please feel free to contact me for further information and /or questions.

Thank you in advance for contributing to the first annual Central Minnesota Child & Youth Mental Health Conference.

I look forward to hearing from you soon,

Tara Freed
